The Allison V-1710 aircraft engine designed and produced by the Allison Engine Company was the only US-developed V-12 liquid-cooled engine to see service during World War II. Versions with a turbocharger gave excellent performance at high altitude in the twin-engined Lockheed P-38 Lightning, and turbo-superchargers were fitted to experimental single-engined fighters with similar results.

Cummins Engines | Used Engines for Sale

Honorable Mention: The Cummins B-Series. Why We Like It: This engine wasn't the first Cummins Engine to bring some respectability to the medium duty diesel engine market but it surly refined it. The 4BT, 6BT and ISB 5.9L engines absolutely killed it in the torque rating capability. You need to tow something these engines have got you covered.
