This publication replaces the popular CIRIA report from 1984, R104 Design of retaining walls embedded in stiff clays. It book provides best practice guidance on the selection and design of ...

(PDF) Embedded retaining walls - guidance for economic design

Although C580 excluded retaining walls embedded in soft clays or weak rock, its principles were applied internationally to walls embedded in such ground conditions. The UK National Annex to Eurocode 7 (EC7) (BS EN 1997-1:2004+A1:2013 and BS EN 1997-2:2007) also references C580 as Non-contradictory Complementary Information. As the principles in EC7 have matured in their application, a revision to C580 was required for Eurocode compliance and to draw
