One of the intellectual traditions which stands behind modern classical liberalism is that of natural law and natural rights. This tradition emerged in the 17th and 18th centuries and argues that the world is governed by natural laws which are discoverable by human reason.

Natural Law and Natural Rights - Online Library of Liberty

Natural law and natural rights follow from the nature of man and the world. We have the right to defend ourselves and our property, because of the kind of animals that we are. True law derives from this right, not from the arbitrary power of the omnipotent state. Natural law has objective, external existence.

Natural Law and Natural Rights - Jim

Natural rights are rights granted to all people by nature or God that cannot be denied or restricted by any government or individual. Natural rights are often said to be granted to people by " natural law." Legal rights are rights granted by governments or legal systems. As such, they can also be modified, restricted or repealed.
